THE ANONYMOUS PEOPLE is a feature documentary film about the 23.5 million Americans living in long-term recovery from addiction to alcohol and other drugs. Deeply entrenched social stigma and discrimination have kept recovery voices silent and faces hidden for decades. The Anonymous People shines a light on the personal and societal value of recovery through the moving stories of people who are public about what their lives are like now that they're no longer using alcohol or other drugs. Running time is 88 minutes.
