PUBLIC NOTICE CITY of GARFIELD WATER DEPARTMENT

ATTENTION: Residents of Garfield

Please be advised that the City of Garfield Water Department will begin a hydrant-flushing program on **AUGUST 10, 2009**. This program is part of an ongoing maintenance program to insure the delivery of the highest quality water. This work will be performed during regular working hours of 8:30 a.m. to 2:30 p.m. Monday through Friday. The flushing program will last for the period OF 8/10/2009 until the end of **SEPTEMBER**. Your water service maybe interrupted for a short period. During this work, residents may experience some discoloration of their water. This is expected and a normal occurrence when existing water mains are disturbed. If you experience this, caution should be used in washing white clothes. However, the discoloration poses no health hazard and the water is safe for consumption. Just allow the water to run from your cold-water tap until it clears. If you have any questions regarding this program, call (973) 340-6102 during normal working hours.

We will begin at the north end of Garfield near the Elmwood Park border and working our way to the south end of the city doing approximately 10 to 15 fire hydrants daily.

The City apologizes for any inconvenience during this time and requests your cooperation.

THANK YOU,

SAM J. GAROFALO
